

CHURCH TOWERS

Saturday, 3 October 2009 10.15 am to 5.15 pm
St Alban's Centre, Baldwins Gardens, London, EC1N 7AB

For the Ecclesiological Society's twelfth annual conference, we will be thinking about Church Towers. Some speakers will look at their style, some at their purpose – and although we cannot hope to cover such a large topic in a single day, we believe that the event will help us look more carefully at what is in some areas the most prominent feature in the English rural landscape.

Speakers: *Stephen Heywood* North European round-towered churches *Keith Lovell* Spires, squires and scutcheons: some spires in the Nene Valley *Chris Pickford* Let Steeple bells be swung: an introduction to towers, bells and bellringing *Jerry Sampson* Some church towers in Somerset *Dominic Summers* Liturgical processions and Norfolk church towers of the late Middle Ages *Robert Shaw* 'Church towers: a quinquennial inspector's view'

There will be a second-hand bookstall. The location provides disabled access: please contact us for further details. Tickets (including all refreshments and lunch) for members are £42.50 for one member, £80 for a member and guest; (£48 for non-members, £35 for full-time students).

Open to all: to book, please use the form below, or email conference@ecclsoc.org

Last-minute bookings (that is after 23 September) are welcome: contact us first to confirm and reserve your place by phoning 01689 840309 (office hours) or by using the email address above.
